Crow's Dairy

Buckeye, Arizona

Crow's Dairy and its array of farmstead goat milk and cheeses deliver the delicate flavor and texture one would expect from European Old World crafters. With a process refined over five generations, Crow's Dairy farmstead goat milk and cheese products are celebrated for their exceptional taste and texture.

The Crow's Dairy difference begins at the farm, which is also the Crow family's private residence. There, the family's herd of nearly 300 purebred Nubian dairy goats enjoy unlimited access to alfalfa hay, minerals, and baking soda. While in the barn, they receive barley and molasses, as well as treats of mesquite and eucalyptus branches, bamboo and seasonal oat hay.

You can taste Crow's Dairy's passion for family, farm and food with each bite of carefully crafted, delicious farmstead cheese, including favorites such as Chevre Butter Pecan, Quark Natural and Feta Peppercorn.

Beehive Cheese

Uinta, Utah

While we live in an instant-gratification world, some things are worth waiting for. That belief led brothers-in-law Pat Ford and Tim Welsh to establish Beehive Cheese. Together, they have reminded us all of the delicious difference that comes from handcrafted, artisanal cheese.

Made from the creamiest milk in Utah, Beehive Cheese is made with an artisan's patience – mixing and warming for hours, polishing each unique seasonal recipe, waiting for wheels to ripen to perfection – all to create some of the most superior cheese in America for you to enjoy.

From their Irish-style Promontory cheese with its snappy, citrus-like fruity notes to their espresso and lavender hand-rubbed Barely Buzzed cheese with subtle notes of butterscotch and caramel, each authentic Beehive Cheese demands you slow down to experience its full flavor and entices you to try another.

Creminelli

Salt Lake City, UT

People who love great food, love Creminelli.

Expertly blending old world traditions with modern techniques, Creminelli produces their fine meats in small batches to ensure full control. The result is new flavor profiles for modern food lovers who know the value of slowing down to do things the right way.

Also known for “crafting with kindness,” all Creminelli products are made from 100 percent U.S. heritage pork raised living a natural life – free to roam and forage – with no added nitrates and no antibiotics, ever.

Creminelli’s farm-to-table process is elevating standards across the food industry and earning fans across the nation. Creminelli does more than provide fine meats – they take us back to a time when food told a story and make taste-treasures found at the meats market of yesterday available today.

Restaurant basics that are anything but basic

Almost every culture in the world has a signature grain, legume or rice. We make it our mission to seek out the best colors, textures and tastes. Like couscous from Israel, orzo rice and cannellini beans from Italy, quinoa from the Andes, lentils from France and even revered black rice from China.

Pappardelle's

Denver, CO

If the kitchen is the heart of the traditional Italian household, pasta is its lifeblood. And Pappardelle's pasta is hand-crafted with the same care and attention to detail artists use when taking paint to canvas or chisel to stone.

A time-honored tradition, Pappardelle's uses a delicate craft to turn flour, water and a variety of herbs, spices, vegetables and fruits into edible art, including offerings such as Artichoke Lemon Tagliatelle, Hatch Green Chile Pappardelle and Dark Chocolate Linguine.

Pappardelle's selects only the finest quality ingredients for its vast assortment of ravioli fillings, sauces and pesto. Each filling is made in small batches, creating succulent and lingering flavors; with many so thick, chunky and full of texture that they're hand-fed into the ravioli forming process. Sauces are simmered for hours to extract the perfect balance of flavors and pesto made by hand using traditional methods that simulate the use of a mortar and pestle.

Pickled Perfection

Phoenix, AZ

Pickled Perfection began with the personal passion of Dean Lambros, who was unable to find pleasing pickled vegetables. He began experimenting in his own kitchen, creating a unique recipe for perfectly spicy pickled vegetables.

A cocktail garnished here. A snack shared there. And soon Lambros found his private stash routinely depleted by family and friends who couldn't get enough of his creations.

Today the Lambros family generously shares Dean's artisan brine and spice blend with the world, bringing out the naturally delicious flavor of each vegetable. Each spicy Pickled Perfection begins with fine fresh produce, cleaned and prepared using a unique cold pickling process before being placed in a 32-oz jar. Pickled Perfection then adds its own proprietary blend of spices and pickling ingredients before sealing the jar for a minimum of three days to allow the spices to work their tasty magic.

Casa Martinez

Sinaloa, Mexico

Graced with abundant sun and rich soil fed by three rivers, Sinaloa, Mexico is the vast, fertile region from which Casa Martinez salsas hail. Home to the Martinez family since the early 1900s, the family's mastery of Mexican culinary arts and hand-crafted salsa using only the freshest vegetables spans more than a century.

This women- and minority-owned family business has a love of salsa making that begins with the joy of freshly hand-picked tomatoes and vegetables. It's in the smell, color, taste and texture of each ingredient beautifully gifted from the earth, artfully combined to enrich life with enjoyment of their world class salsas.

Sparrow Lane

Ceres, CA

This is it...the secret ingredient.

Sparrow Lane's line of "chef inspired" vinegars are simple but surprisingly complex, with a bouquet and body that embrace the heart of the wine, complemented by a delicate acidity that leaves the connoisseur longing for more.

Working with some of the nation's most well-known restaurant kitchens, Sparrow Lane created new and purposeful blends of fruit and herb barrels in addition to balsamic barrels. Each new concoction boasted the perfect fruit to acid balance, enhancing foods natural flavors and setting new standards for vinegars around the world.

As their reputation for quality and thoughtful flavors grew, so did their product line, with Sparrow Lane adding oils derived from grown and harvested olives in the heart of Central Valley in California.

Today Sparrow Lane vinegars and oils are known for their ability to bring chefs most inspired flavor combinations to life.

Grateful Spoon

Phoenix, AZ

Few things compare to the sensations associated with artisanal, small batch gelato made in an original Italian shop. That's why Grateful Spoon uses the exact from-scratch methods developed in Italy.

Grateful Spoon has shaped deep relationships with purveyors to source every bit of its 100 percent natural dairy, produce, nuts and chocolate. The same is true for seasonal ingredients, incorporated into flavors in true Italian gelato fashion.

But make no mistake, using the strong Italian tradition as its foundation, Grateful Spoon also takes gelato to the next level by creating modern plays with exotic fruits, herbs and spices – surprising and delighting consumers at every turn.

Grateful Spoon has combined the best of old- and new-world traditions to ensure every small batch of gelato delivers smooth, pure deliciousness hand-mixed to creamy perfection.
